Motion regarding canceling UMUN 2020

Background

UF Uppsala and the Uppsala United Nations Association are the co-organizers of the project UMUN, Uppsala Model United Nations. Due to difficulties in collaboration this year and after several meetings trying to resolve the issues, we have landed in the decision that it, for this year, is better to cancel the project UMUN and look into new and more structured ways to collaborate in the future.

Pleading

May the board decide:

To cancel the project UMUN this year due to the reasons mentioned in the background and instead further look into other ways of collaborating for future projects with UNA.
