

Motion regarding the Chile “Food and Talk”

Background

The Chilean ambassador Hernán Bascuñan is coming to Uppsala as a lecturer, and not only will he provide a speech about Chile, he will also bring Chilean food and wine, prepared by his husband Luiz Moreira. Therefore, the Activity Group and the Lecture Group have joined forces to create a new concept under the (working) title “Mat och Prat/ Food and Talks”.

The event will be held at Västmanland-Dala Nation (V-Dala), since they have the capacity necessary for heating the Chilean food. They have are letting us rent the nation for free, but estimate personnel costs to 4500-5000 SEK.

The V-Dala Alcohol License allows them to serve wine they get for free from outside part, as long as the participants does not have to pay to attend.

Purpose

The purpose of this motion is to make sure the event can take place at the venue, as well as making sure the generous contribution of food and drinks from the Chilean embassy can be provided. By voting for the motion, the Board agrees to pay for the cost V-Dala has estimated. This is a joint event by the Activity and Lecture Group, therefore the cost would be equally split and taken from our two budgets.

Since the cost is for serving personnel and other workers that will contribute to the evening, the proposal does not contradict the by-laws that states that the Association cannot pay for alcohol.

Proposal

Can the Board decide:

to take in total 5000 SEK, split equally, from the Activity and Lecture budgets, to pay for V-Dala costs regarding the Chilean evening?

Signatories

Miriam Lind & Per Risberg, Heads of Activity

Isak Lefvert, Head of Lectures
