

Motion Gasque

Background

The yearly UF gasque will take place the 26th of March at Östgöta nation (ÖG). This is the Activity group's main event and an opportunity to gather the whole association at one place. This week, we had a meeting with ÖG, where food, drinks, and other details were decided, and a final contract signed by the President. Now everything is set for the evening, and a sign-up will be posted soon.

As our search for a DJ was unfruitful, we asked ÖG to provide one for us. They have now found one, and we accepted their offer. In addition, we asked for a staffed coat check during the evening. These costs lie outside of the estimated price for a ticket, which is now at 427 SEK/397 SEK (with/without alcohol). The DJ and the wardrobe adds up to 7000 SEK.

The gasque is widely appreciated by our members, and it is an event that many remember and have as a major UF-memory. By being able to lower the price, we as the Board can show some appreciation to them as well.

Purpose

The purpose of the motion is to lower the price of the gasque tickets, so that as many as possible has the opportunity to attend. If the cost for a DJ and wardrobe were to be paid by the attendees, a ticket would cost 505 SEK ($427 + 7000/90 = 427 + 78 = 505$).

As the cost is for a DJ and wardrobe, the proposal is in line with the bylaws stating the Association cannot pay for alcoholic beverages.

Proposal

Can the board decide:

to take in total 7000 SEK - 4000 SEK from our budgetpost, and 3000 SEK from the budgetpost "Föreningsutveckling" - to finance the DJ and staffed wardrobe?

Signatories

Miriam Lind & Per Risberg, Heads of Activity
