Motion: nomination Travel Trustee spring 2020

Dear board,

After having held interviews with all the applicants for travel trustee during the recent week, I have decided to nominate Annika Wennlund as Travel Trustee for the spring semester of 2020. There are several reasons why I believe the role of travel trustee would suit Annika perfectly.

To introduce her: Annika is studying her second semester at the Peace and Development program in Uppsala. During her sabbatical years Annika worked for Apollo as a travel guide. As a travel guide she lived in Spain, Greece and the United Arab Emirates. Therefore she has developed skills in organising and leading group trips and also getting around in a new culture, skills which are very relevant for the travel trustee. She also has the habit of processing a lot of information on a destination quickly. Her interest in foreign affairs is shown in her choice of studies and her regular attendance at the association's lectures. During the interview, she came with several well-researched suggestions and ideas for the spring trip. Her reasoning about creating an inclusive group but at the same time taking a leadership role made a positive impact on me. Finally, her energy and openness to new experiences and people I believe will contribute to a good group dynamic and a rewarding experience for everyone joining the trip.

In conclusion, I believe that Annika will be a great asset to the travel group in particular and UF in general!

Pleading

May the board decide to

accept the nomination of Annika Wennlund for Travel Trustee for the spring semester of 2020?
