

Motion to approve advisory board member

Background

The advisory board gathers a combination of individuals which with their previous engagement in UF Uppsala has a deep knowledge about its organizational structure and history, and those with less experience from UF Uppsala but with a career path which can be beneficial for the board in terms of assistance. Their task is to every semester have a meeting with the President and Vice President to discuss the coming priorities and challenges and to continuously throughout the year be available to provide guidance. A more detailed description of the advisory board's structure, priorities and tasks can be found in the policy itself.

I have asked Linnéa Åström Tolf if he would be interested in become a member of the advisory board, and she has accepted the nomination. Here follows a motivation:

Linnea has a long history in UF Uppsala. After being active in 2013/2014 she became the head of PR for the operational year of 2014/2015. In 2015, she was elected as the association's president and focused on, among other things, stress prevention. During her time as president, the board decided to expand the board by creating three more positions, similar to what was done during the operational year of 2019/2020. After receiving her master's degree in political science from Uppsala University, she has been working at different positions at the Swedish parliament and is currently a project manager for national events.

Through her long commitment in UF Uppsala, Linnéa will be able to provide organisational guidance as well as a good historical perspective as her engagement started nearly 7 years ago. During her presidency, the board worked on similar issues which face the association in the coming years. Furthermore, her experience from the Swedish bureaucracy and her time as auditor makes her well suited to also provide guidance on organisational and economic issues.

Purpose

The purpose of this motion is to propose Linnéa Åström Tolf to the board for approval. I believe that she will be a good addition to the board as her knowledge about UF Uppsala and her line of profession, has given her a good foundation to provide well-grounded guidance on regarding organisational issues.

Proposal

Can the board decide to approve Linnea Åström Tolf to the advisory board?
