

## Material for Decision on Appointment of Travel Trustee

### Proposal

to appoint Natali Lestarcic as Travel Trustee for the operational year of 2020/2021.

### Background

After having had several interviews with potential candidates for the position of Travel Trustee, I would like to put forth Natali Lestarcic as my suggestion to the board. I believe Natali would be an asset not only to the travel group, but also to our association as a whole.

Natali has previously been engaged in UF through the travel group, being a participant on the last trip to Ukraine. From this, she has gained great insight in the work of the travel group as well as wise reflections and ideas about the roles of the Head of Travel and Trustee as a part of the travel group dynamic. To me, this previous experience is invaluable, especially given the extraordinary position that the travel group is in this particular fall. Further, me and Natali have similar ambitions for the travel group dynamics. These ambitions include creating a diverse and balanced travel group, where everyone feels welcome and heard. This alignment in ambition in combination with Natalis previous experience, makes me confident that she would make a perfect travel trustee.

Natali as a person is outgoing, social and driven. With her positive attitude and her welcoming personality, I believe she would be a great contribution both to the travel group and to the association. Natali is also very organized and structured in her work, which I believe is important for the role of travel trustee. With her love for planning and organizing events, she feels excited to contribute yet again to the planning of the annual trips as well as to the social activities of the group.

Again, with these merits, I believe that Natali Lestarcic would be perfect for the position of travel trustee.

The other candidates were Andrew Fearney, Lisa Holmlund and Sara Lannebo.
