

## Material for Decision on Appointment of Uttryck Trustees

### Proposals

to appoint Albin Almqvist as trustee in the role of web editor, David Hagman and Emil Schröder as trustees in the role of editors, and Amelie Lutz and Louise Näferstam as trustees in the role of layout editors

### Pros and Cons

#### Albin Almqvist's nomination (web editor):

Albin has previous academic experience in both journalism and web production and layout. Therefore, he would not only be an asset to Uttryck Magazine when it comes to the journalistic work, such as communicating with writers, proofreading and so on. His previous knowledge would also be of great value when it comes to practical and basic work as web editor and the development of the web magazine itself. Beyond this, Albin has expressed great excitement to learn even more about journalistic work. We believe Albin would be a great fit for the team and bring a lot to the table as web editor.

#### David Hagman's nomination (editor):

We couldn't be more excited to work with David for the upcoming year. We think that the combined experiences of his education in journalism and political education makes him a perfect fit for the role as editor. His interest in language and his experience as a language tutor will be a great asset for the editorial team, as well as his friendly personality and administrative qualities. We believe that David can help our writers grow and evolve along with their texts, and find new and interesting ways of approaching their topics. We are excited to work with him and learn from him in the upcoming year!

**Emil Schröder's nomination (editor):**

Emil is currently studying for his master's degree in Political Science, and has relevant writing experience from, above all, his internship for Stockholms Stad. Now, Emil is looking forward to combining his experience with the creative writing process at Uttryck Magazine, and we are convinced he will be a valuable asset to the editorial work. With his lively character and positive attitude, Emil immediately comes across as a dedicated team player. His motivation and creative input has contributed to ensure that Uttryck Magazine is off to a flying start for the operational year of 2020/2021, and we could not be more excited to work with him!

**Amelie Lutz's nomination (layout editor):**

With her positive energy and eagerness to learn and grow, we think that Amelie will make a great addition to our editorial team. She has shown great initiative and a genuine interest in developing Uttryck into the best that it can be. We believe that her organisational skills and creativity will be an amazing contribution to our work and her interview proved to us that she truly is a great team player. We look forward to watching her grow and develop, both within graphic design and administration.

**Louise Näfverstam's nomination (layout editor):**

Louise has been doing a fantastic job with the layout for Uttryck for all of last year and is undoubtedly going to be a great addition to the editorial team again this year. Her attention to detail, organisational skills, and creativity are all qualities that we think are going to contribute to another year of amazing layout. Louise is a great team player and a joy to work with. We are sure that she'll develop her skills even more this operational year and contribute to the magazine in new and unexpected ways.
