

## Material for Decision Point I

### Proposals

to appoint Kasper Rose for the vacant position as Head of UFMUN

### Motivation

Despite officially being “only” trustee for UFMUN, Kasper has de facto had a co-leadership over the entire UFMUN project. The different project group members already regard Kasper as a leader, and he has been actively involved in the organizing of all aspects of UFMUN thus far. He has a realistic and positive approach to taking the project to the finish line, despite the rough conditions for organizing a Model United Nations, why putting Kasper in charge at once now is our best chance of presenting a ready UFMUN in April.

### Rapporteur

Isak Lefvert, President
