

Material for Decision Point on Radio Trustee

Proposal

to appoint Greta Scott for the trustee position in Radio UF.

Motivation

On behalf of Radio UF I think Greta will do a wonderful job as trustee for the radio group. She is an exchange student in political science from the UK and has shown great interest in the international affairs topics we discuss at the radio. After joining our group last term, she has been a dedicated and eager member and has shown great interest in the different aspects of our work. She has already signed up for the Student Radio's workshop to learn more about the technical parts of recording and does also seem eager to get more involved in the social aspects of UF as well.

I am therefore more than happy to invite Greta to take on a bigger role in the radio as a trustee.

Rapporteur

Amanda Louise Bolann, Head of Radio
