

## Material for Discussion on Picnic Gasque

### Proposals

to have an in-person picnic gasque  
to have an online spring gasque

### Background

Every spring the activity group hosts a picnic gasque for all UF members. We might not be able to hold a traditional gasque because of the pandemic but we are not going to let that stop us! The activity group have discussed different options for a spring gasque, one of which involves an in-person picnic gasque in small groups. The idea is to put together small groups (maximum 6 people, can be lower) provide food and then connect all the groups to zoom. The event would be sometime in mid to late May. We would of course follow all covid-19 restrictions, but we are aware that some of you might not be comfortable with meeting in-person at all. We are therefore wondering; how would you feel about an event like this?

The alternative is of course to host an event like the Online Christmas Gasque where all of us are on zoom.
